7. Fill out the mailing label.

- Fill in your name and mailing address in the upper left hand corner of the label (or use your preprinted York name label). If you were already logged in when you printed the label, your return address will automatically appear.
- For fastest delivery, choose from the options on the label and fill in the city, state and zip code nearest you.

8. Send in your film.

We recommend that you use a padded 6x9 envelope or sturdy box to ensure that your film arrives intact. Make sure that your **film**, order form, and proper payment (check, money order or **credit** card information) are inside the package before you seal it securely. For extra security, you can attach your address to each roll of **film** - a return address sticker works well. **Place the postage-paid mailing label on the outside of your envelope:**

- Place the label squarely in the upper right hand corner of the envelope
- Do not write on the envelope or label (except as noted above)
- Do not use a window envelope

**Relative Positioning for a
York Postage-Paid Label**

Drop the envelope with the postage-paid label on it in the mail.

Liability Agreement: In the event that your **film(s)**, print(s) or negative(s) are damaged, lost or not returned, you agree to accept a full refund of the purchase price, an equivalent amount of **unexposed film** and a free **film** processing voucher(s) for such **film** as your sole and exclusive remedy and as the limits of our liability, and any recovery for incidental and consequential damages is excluded. Prices are for C-41 compatible films. Prices and materials subject to change without notice.
